WORLD'S LARGEST

GROWERS OF DUTCH BULBS

Hyacinths

Hyacinths are used for forcing and are also excellent for the garden. The Springgarden is not complete without Hyacinths.

Where planted in beds and borders they always attract attention with their bright, cheerful colors.

Hyacinths

LIST OF VARIETIES

PINK

- *ANNA MARIE, clear pink, very early
- *CROWNPRINCESS MARGARET, pink, large spike,
- *DELIGHT, light pink, good for early forcing
- GERTRUDE, rosy pink, compact flower, medium early
- *LADY DERBY, fine light pink, large bells, fine shaped bulb

How to order Hyacinths

We offer our Hyacinths in various sizes listed as follows.

The prices are for the most common trade varieties.

p. 1000
\$

TOP SIZE HYACINTHS : 

In this size we offer the largest bulbs which the harvest produces, carefully selected bulbs, producing large flowers. They are excellent for single pots.

FIRST SIZE HYACINTHS

This size can also be used for single pots and is the best size for growing on glasses.

SECOND SIZE HYACINTHS

This size we can specially recommend for general purposes, these bulbs are excellent for growing in pots, pans and gardening.

THIRD SIZE HYACINTHS

This size Hyacinths is recommended for planting 3 or more bulbs in a pan or forcing in flats.

BEDDING HYACINTHS

This size is very popular for outside planting. The flowers are not so heavy and will therefore stand rainy and windy weather better.

MINIATURE HYACINTHS

Miniature Hyacinths produce graceful flowers and are therefore very suitable for cutflower purposes.

FAIRY HYACINTHS

BORAH, multiflowered Hyacinth, porcelain blue 1st size
2nd size

Prepared Hyacinths *for early forcing*

These Hyacinths are treated in a special way, which makes them well suitable for early forcing. They should be potted directly after arrival. With their early flowers, these Hyacinths offer a welcome material when other Hyacinths and Tulips are not yet in bloom. Prepared miniature Hyacinths are suitable for early cutflowers.

Orders for prepared bulbs must reach us before June 1st.

ANNA MARIE, clear pink	p. 1000 \$ 1st size 2nd size 3rd size Selected min. Miniature

*VAN DER EERDEN, lively red, early forcer, extra variety ..
WEBER, white, bordered pink, tall stem, medium early
WHITE SAIL, white, early
WHITE VIRGIN, pure white
YELLOW GEM, lemon yellow
COLLECTION IN VARIETIES OUR CHOICE

Triumph Tulips

These Tulips result from crossings between Darwin- and later flowering varieties of the early Tulips. Their flowering time is just in between these two classes.

Most Triumph Tulips have large flowers and strong stems and are of medium height which makes them very useful for beds. Some varieties are well known for forcing and the short stemmed kinds, such as Denbola are fine for Easter pots.

ADORNO, salmon orange, edged bronze yellow
*ALBERIO, cerise scarlet, yellowish edge, good for pots
ALGIBA, purple mauve, edged lilac

Darwin Tulips

"HIGHLIGHTS OF THE GARDEN"

No other Tulips equal the Darwin Tulips in splendor and usefulness for various purposes.

Introduced into Holland some fifty years ago, Darwin Tulips soon found their way into gardens all over the world and were eagerly accepted by the floristtrade. Demand increases from year to year. Since their introduction, many beautiful new varieties have been developed and were received with enthusiasm by the public, but some of the first introduced varieties, such as Clara Butt, Farncombe Sanders, La Tulipe Noire, Pride of Haarlem and others still rank high among the popular varieties.

Blooming in May, carried on strong, erect stems, the Darwin Tulips with their stately beauty and gorgeous colors, red, pink, lavender, purple, black, yellow and white are ideal for all garden purposes and excellent for cutflowers. Many varieties can also be successfully forced for cutting and in pots and pans. Some for Valentine Day and others for Easter pots.

When planted under so called "cold glass" in good soil, and thus coming into bloom protected from bad weather, Darwin Tulips will produce a rich crop of clean strong flowers before the bulbs grown outside are in bloom.

- AFTERGLOW, fine orange rose with distinct orange edge ..
- *ALL BRIGHT, fine bright red sport of Bartigon
- *ARISTOCRAT, dark violet rose, edged lighter
- *BARTIGON, clear crimson red, one of the best for late forcing

Single Late or Cottage Tulips

The older varieties of this class, were found in Cottage Gardens in England. Many fine, new varieties have been added to this class by hybridizing.

Cottage Tulips have various shaped flowers and habits and are splendid for gardening purposes and cutflowers.

Some varieties are also extensively used for forcing.

p. 1000

- ROCKET, cherry red, sport of Eros
- SNOW PRINCE, creamy white, large full double flower
- *SYMPHONIA, cherry red, double sport of Darwin tulip Pride of Haarlem
- *UNCLE TOM, dark glittering red, extra double
- COLLECTION OF BEST NAMED VARIETIES, our choice ..

Parrot Tulips

The ever increasing demand for these Tulips clearly shows the growing appreciation for the remarkable beauty of the Parrot Tulips with their elegant lacquered flowers.

They bloom in May.

On account of their large, heavy flowers Parrot Tulips are not recommended for planting in beds. In groups and in borders, they are very effective. Excellent for cutflowers. Placed in shallow bowls or dishes when cut, they make a very artistic effect on tables.

p. 1000
\$

Breeder Tulips

Breeder Tulips are one of the oldest classes of Tulips. They bloom in May with the Darwin Tulips, some varieties even a little later.

Most varieties have tall stems.

With their dark colors and shades in bronze, mahogany, orange, purple, they make a striking "exotic" contrast with the bright colors of the Darwins.

p. 1000

Daffodils are outstanding in the Spring-garden
but also very useful as cutflowers

Narcissi (Daffodils)

The Spring-flower "par excellence". No other flower depicts so well the spirit of Spring.

Very popular for gardening, splendid for cutting, and forced in large quantities, the Daffodils have an important place in the world of bulbs.

For wind breeding - Narcissi is popular in Holland. The flower is so popular in the United States.

NARCISSI (Daffodils)—continued

ANEMONES

Ready September—May

Single and Double Anemones are grown in large quantities for cutflowers. They can be planted in cool houses to get them in bloom earlier. The flowers are very showy and fine for table decoration.

Both kinds and also the various other varieties are splendid in gardens and rockeries. Apennina and Blanda varieties bloom early.

As most varieties are not hardy, they are best planted in spring.

*SINGLE DE CAEN	grand mixture	
*	" HOLLANDIA	bright red
*	" MR. FOKKER	blue
*	" SYLPHIDE	violet
"	THE BRIDE	pure white
*SEMI DOUBLE ST. BRIGID	splendid mixture

BLANDA ATROCOERULEA	dark blue	
" ROSEA	rose shades, very early	
" MIXED	very early	
FULGENS MULTIPETALA	semi double, bright scarlet	
*ST. BAVO	grand mixture	

MISCELLANEOUS BULBS AND ROOTS—continued

p. 1000
\$**BRODIAEA** CONGESTA, bright blue

* " LAXA, dark blue

Brodiaea are used for gardening purposes. They need a solid covering during the winter.

CAMASSIA CUSIKII, porcelain blue

" ESCULENTA, violet blue

Camassias are fine in the garden, need a good covering in winter.

CHIONODOXA (Glory of the Snow)

Chionodoxa are very attractive little flowers blooming early in spring. Splendid especially when planted in large patches or masses. Can be left in the garden year after year where they multiply freely. Need some slight covering during the winter.

*GIGANTEA (ALLENI), light blue, white center

*LUCILIAE, lilac blue, pale starshaped center

" ALBA, white

" PINK GIANT, novelty

" ROSEA, rose

SARDENSIS, bright blue

COLCHICUMS

Shipment mid July

Colchicums flower in August—September. If left undisturbed in the garden, they become very free flowering. They do best in cool soil which retains moisture.

They will also bloom inside without water or soil. Close to the light, in the window is then the best place for the bulbs. When through blooming, they can be planted in the garden.

AUTUMNALE ALBUM, pure white

* " MAJOR, soft violet

" MINOR, violet

LILAC WONDER, lilac violet, large flower

SPECIOSUM, rose

THE GIANT, lilac mauve, white base

VIOLET QUEEN, lilac tinted violet

CORYDALIS (FUMARIA BULBOSA), light purple

Corydalis are used in the garden. Fine amongst shrubs where they are soon established and increase freely.

CYCLAMEN PERSICUM GIGANTEUM

" NEAPOLITANUM

Cyclamen persicum is the well known potplant. The variety Neapolitanum is used in gardens, special in rockeries. They require a shady place.

MISCELLANEOUS BULBS AND ROOTS—continued

p. 1000

\$

ERANTHIS (Winter Aconite)

Eranthis flower very early. Splendid for planting in front of shrubs and in rock gardens. They will not thrive in dry ashy soil.

- CILICICA, pale yellow
- *HYEMALIS, golden yellow

EREMURUS BUNGEI, canary yellow

- " HIMALAICUS, snowwhite
- " ROBUSTUS, pale pink
- " SHELFORD HYBRIDS

Eremurus are very ornamental in the garden. The Shelford hybrids are also fine for cutflowers. They need good fertile soil and may not bloom the first year after planting. It is advisable to protect the foliage in the Spring against frost damage.

ERYTHRONIUM DENS-CANIS (Dog's tooth violets), in varieties
" " mixed

Erythroniums are fine in the garden and rockeries. Plant them at once upon arrival in good soil mixed with peat moss, preferably in a somewhat moist slightly shadowed place. They need slight covering in winter

FREESIA

Freesias are grown in greenhouses, are ideal cutflowers and very fragrant..

- FREESIA APOTHEOSE, lilac rose, pure white center
- " BLUE PENNANT, lobelia blue with white throat ..
- " BUTTERCUP, yellow
- " CARO CARLEE, creamy white, extra
- " MARYON, violet blue
- " ORANGE SUN, orange yellow
- " PRINCESS MARIJKE, brown orange, outside purple
- " RYNVELD'S GOLDEN YELLOW, golden yellow
with orange
- " SAPPHIRE, lilac blue, white throat, long strong stem
- " SNOW QUEEN, white, very large
- " SNOWSTORM, pure white, free-flowering
- " FINE MIXTURE

- FREESIA GRANDIFLORA, rose-red shades
- " " lilac-blue shades
- " " yellow and orange shades
- " " mixed colors

FRITILLARIA

Fritillaria Imperialis are very ornamental in groups in borders, they do not like dry soil. Fritillaria meleagris is fine in rockeries.	p. 100 \$
*IMPERIALIS (CROWN IMPERIAL) AURORA, orange red	
" " " LUTEA, yellow	
" " " ORANGE BRILLIANT, orange red	
" " " RUBRA, dark orange red	
" " " RUBRA MAXIMA, dark red	
" " " FINE MIXTURE	
	p. 1000
MELEAGRIS (GUINEA HENFLOWER) ALBA, pure white	
" " " NAMED VARIETIES	
" " " FINEST MIXTURE	

GALANTHUS (Snowdrops)

Galanthus are amongst the first flowers blooming in Spring.
When planted in borders, amongst shrubs and in grass, they
rapidly increase. When mowing the grass the foliage of the
Galanthus must not be cut before this has died off. Splendid
also in rock gardens.

ELWESII, very large flowers	
*NIVALIS SINGLE, pure white	
" " " DOUBLE	

HYACINTHUS AMETHYSTINUS, amethyst blue	
" " " ALBUS, pure white	

Hyacinthus amethystinus are of the same habit as Muscari and
can be grown outside in the same way.

IRIS SPECIES

DANFORDIAE, golden yellow, early	
*RETICULATA, fine for forcing, sweet-scented, dark blue	
" " " CANTAB, light blue	
" " " HERCULES, dark purple	
" " " J. S. DIJT, dark blue	

Iris Reticulata is splendid for gentle forcing in pots.

IXIA NAMED VARIETIES OUR CHOICE	
" " " " " large flowering..	

* " " " " MIXED VARIETIES	
-------------------------------------	--

These little bulbs are mostly used by the florists for growing
cutflowers. Can also be planted in the garden in sunny warm
spots. They are not hardy and need a heavy covering in winter.

**MISCELLANEOUS BULBS AND ROOTS**—continued

p. 1000

\$

IXIOLIRION PALLASII, blue

Ixiolirion are planted in the fall and can permanently stay in the garden. A sunny spot is preferred and a slight covering during winter.

LILIUM

Lilium Candidum and Lilium Excelsum are the only Lilies which are ready for shipment August—September.

***CANDIDUM (MADONNA LILY)**, white

Top size	bulbs
First size	"
Second size	"

EXCELSUM (TESTACEUM), apricot yellow, fragrant . p. 100

MUSCARI (Grape Hyacinths)

Very attractive and popular for mass planting and in rockgardens, they are quite hardy. The variety armeniacum and others can well be forced and are also recommended for corsage flowers.

***ARMENIACUM**, bright blue, splendid for forcing, as well as outside

AZUREUM, azure blue truss

AZUREUM ALBUM, pure white, very large flower

***BOTRYOIDES ALBUM**, white

“ COERULEA, blue

PLUMOSUM (FEATHERED HYACINTH), violet

ORNITHOGALUM NUTANS, greyish green

“ PYRAMIDALE, white, spikes 2 feet

“ UMBELLATUM, white, outside green

Hardy bulbs for naturalizing, also good for rockgardens.

***OXALIS ADENOPHYLLA**, lilac rose

“ DEPPEI, deep pink, reposed bulbs

Oxalis adenophylla is fine for gardens and borders. The reposed bulbs of Oxalis deppei are special for growing in pots.

***PUSCHKINIA LIBANOTICA**, white, shaded soft blue

“ “ ALBA, white

Puschkinia is used like Chionodoxa. Fine for mass planting, in borders and rockgardens.

Bulbs for Rockgardens

A well arranged rockgarden is a source of real enjoyment to every amateur gardener. When only suitable perennial or annual plants are used, rockgardens do not reach their prime until summer.

If bulbs are used, the rockgarden will be real attractive already in early Spring, long before the other plants flower.

The following kinds will be found of special merit: Tulip species: Chrysanthia, Eichlerii, Fosteriana Red Emperor, Kaufmanniana varieties, Praestans Fusilier, further: Miscellaneous Bulbs such as Crocus, **Muscari** (Grape Hyacinths), Eranthis (Winter Aconite), Galanthus (Snowdrops), Chionodoxa (Glory of the Snow), Fritillaria meleagris (Guinea Hen-flower), Scilla sibirica and also the later flowering Scilla campanulata varieties (Woodland-Hyacinths).

Very attractive and useful for Rockgardens, are also the dainty miniature Daffodils listed under "Various Narcissi".

Further: Anemone, Allium Moly, Erythronium, Iris reticulata, Tritelleia.

MISCELLANEOUS BULBS AND ROOTS—continued

p. 1000

\$

RANUNCULUS

Ready August—May

Ranunculus are mostly used by florists and produce very graceful decorative flowers. Are also fine for garden purposes. Plant in Spring 1"—2" deep and lift them in fall. Must be kept dry during the winter in a cool frostfree place.

DOUBLE FRENCH in named varieties

GROWERS OF DUTCH BULBS

Gladioli

*are very attractive as cutflowers
and also useful for the garden.*

VAN ZONNEVELD BROS. & PHILIPPO INC.

GLADIOLUS

Flowering period:

1 = early, 2 = medium, 3 = late

We believe there is no other class of bulbs in which so many new and beautiful varieties have been developed as in Gladiolus.

The following collection is of outstanding value in which all colors of the rainbow are represented.

No wonder the demand for Gladiolus increases from year to year.

Ideal for cutflowers and growing in almost any soil with little care, they are of great value also for gardening purposes and when planted at intervals from Spring till June, Gladiolus offer the gardener a crop of cutflowers all through the summer until the frost sets in.

HYACINTHUS CANDICANS (GALTONIA), white

Hyacinthus candidans are planted in Spring and are fine in groups in borders. They are not hardy, must be lifted in the fall and kept frostfree during winter.

LILIUM

Lilies belong to the most beautiful flowers.

The well known Easter Lily takes a prominent place in the florist trade, specially for Easter forcing. Lilium longiflorum in varieties, Croft Lilies and others are largely used for this purpose. As they are not grown in Holland in large quantities, they are not mentioned in our list. There are however some varieties being developed in Holland which are very promising for the future for this purpose.

Of the varieties mentioned in our list, Regale Speciosum and the Umbellatum varieties are also good for greenhouse culture. All Lilies mentioned in our list are splendid for gardening, they do excellently in borders, if planted in suitable spots.

The following Lilies are shipped in late fall and during the winter and early spring.

p. 100
\$

- BURBANKII, orange red, black spotted, tall
- DAURICUM PARDINUM, orange red, yellow center, spotted red
- FIRE KING, orange red, free flowering, garden variety

- TIGRINUM FLORE PLENO (DOUBLE TIGER LILY), orange, black spots
- " FORTUNEI, dark orange
- * " SIMPLEX (SINGLE TIGER LILY), orange-red, black spots
- *UMBELLATUM ERECTUM, dark orange-red, height 30 inches
 - " GOLDEN FLEECE, golden yellow shaded apricot
 - " GRANDIFLORUM, orange, brown spots
 - " MONARCH, the best red
 - * " ORANGE TRIUMPH, fine orange, good for forcing and splendid for the garden
 - " SPLENDIDUM, deep red
- WILLMOTTIAE IMPROVED, orange red, spotted brown, height 25 inches

MONTBRETIAS

Montbretias are fine for cutflowers. They thrive best in a somewhat moist, rich soil in places where they are protected against the hot midday sun. They are not hardy everywhere, in extreme cold climates it is advised to lift them in the fall. If left in the ground a heavy covering is required.

p. 1000
\$

COLLECTION OF NAMED VARIETIES, large flowering
" " " " small flowering

SUPERFINE MIXED

OXALIS DEPPEI, pink

" LASIANDRA, carmine, brown tinted foliage

Oxalis are fine for planting in borders, also good for pots.

PAEONIA SINENSIS (Peonies) Ready Sept. to March

p. 100
\$

IN NAMED VARIETIES, good colors

RICHARDIA (Callas and Arums) Ready Nov. to April

White Richardias are used by the florists for growing the popular "Calla Lily" flowers. The yellow varieties are also used in the garden. Tubers must be lifted in the fall and kept frost free during the winter.

For description of varieties see under Calla, page 58

SPIRAEAS (Astilbe) Ready October to April

IN NAMED VARIETIES

Spiraeas are mostly used by the florists for growing as potplants. Are also fine in gardens but need lots of moisture, therefore fine along the edge of a pond.

p. 1000
\$

TIGRIDIA (FERRARIA), in varieties

" " fine mixture

Tigridias are planted in early May in a sunny, warm spot in the garden, not too dry. With their glittering colors they make a splendid effect in borders. The flowers which last only one day are produced very freely. Tubers must be lifted in the fall and kept frost free during winter.

TERMS OF SALE

1. Unless specifically otherwise agreed, all products are sold ex seller's warehouse, Holland, and travel throughout at buyer's risk and expense.
2. If products are sold ex seller's warehouse, the cost of cases and packing and of Netherlands phytopathological inspection, and of any freight, forwarding, insurance, export and import charges, shall be for buyer's account. These charges shall be due and payable on arrival of the goods at United States or Canadian port.
Unless otherwise instructed, the seller will arrange for transportation and for ordinary insurance coverage to destination.
3. Payment shall be due ninety (90) days from date of invoice; two percent (2%) discount will be allowed for payment within thirty (30) days from date of invoice; interest at the rate of six percent (6%) will accrue on all amounts due and owing after due date. In the event accounts are referred to collection agencies and/or attorneys for collection procedures, all costs, charges and expenses of collection shall be for the amount of the buyer.
4. The seller warrants the goods to be sound and healthy at time of shipment but does not otherwise warrant flowering- or other planting-, growing- or forcing results.
5. If at time of shipment the buyer shall be in default of payment of any account owing to any exporter of Holland Bulbs or if the buyer's financial responsibility appears unsatisfactory to the seller, the seller may, at his option, cancel this order in whole or in part, provided that he shall promptly advise the buyer of any such cancellation; and the seller shall not be responsible for any damages whatsoever arising from such cancellation.
6. Total or partial failure of the general or of seller's crop, owing to frost, floods, or other natural causes, or loss or damage to seller's stocks by fire or any other cause beyond his control, preventing seller from fully performing the present and/or similar contracts, shall relieve the seller from his obligations under the present contract to a corresponding extent.
7. Whenever the terms of this order call for delivery f.o.b. any place or conveyance in the United States or Canada, the seller shall be required only to arrange for transportation and insurance to the point specified and the seller may, at his election either prepay freight, insurance and/or other shipping charges, including import duty and arrange to collect same on delivery in a lump sum from the buyer, or the buyer shall pay all such charges from warehouse Holland until arrival at such agreed place or conveyance in the United States or Canada. In either case buyer shall be permitted to deduct the charges paid by him to such agreed f.o.b. United States or Canada place or conveyance from the agreed f.o.b. United States or Canada prices.
Notwithstanding any agreement as to delivery at any point other than seller's warehouse, the goods shall in all cases be at buyer's risk from the time they leave the initial point of shipment.
8. All claims hereunder shall be deemed waived unless presented within eight (8) days after receipt of goods. Claims relating to damage to or condition of goods shall be accompanied by Lloyd's survey report or its equivalent, stating full particulars. In case of non-arrival of goods at destination within a reasonable time after receiving advice of shipment from Holland, buyer shall notify the seller by wire or cable.
9. Cancellation of orders or part thereof will only be accepted when buyer agrees to pay seller his loss of profit; changes in orders may be allowed only if both parties agree thereto.
10. These printed Terms of Sale cannot be altered nor departed from except by mutual consent in writing.

This list cancels all previous quotations.
